## Clinical & Exam Room Solutions

Advancing  
the quality of your  
clinical care.

*Making a difference by design*

## Relentlessly adding value to your clinical care.

*We understand that today's healthcare reality presents a host of challenges to your clinical, financial and operational success. That's why we work closely with medical professionals to develop the clinical and exam room advancements that matter.*

### **Redefining patient & staff safety.**

Our solutions set the standards for safe, confident handling of even your most problematic patients, including elderly, limited mobility, and bariatric populations. At the same time, they minimize caregiver handling, safeguarding the health of your staff and your bottom line.

### **Improving your competitive position.**

Innovative designs and capabilities enable you to see the broadest possible range of patients and provide a wider range of services. They also help preserve patient dignity and enhance patient satisfaction – from the exam room, to the radiology department, procedure suite and radiation oncology unit.

### Optimizing your return on investment.

At Brewer, expert ergonomic design, quality materials and made-in-USA craftsmanship come together to create lasting values. It's most evident in our major breakthroughs, like the *FLEX™* Access High-Low Exam Table that puts power table performance within virtually any practice's economic reach. But you'll also see it in the details like easy-to-clean surfaces to expedite infection control and industry-leading warranties for greater peace of mind.

**So be sure to take a good look at all the ways Brewer adds value to your clinical care.**

## Power Exam Tables

### Advancing patient & staff safety.

Brewer Access® High-Low Exam Tables set the standard for safe patient handling. Our 18" (45.7 cm) profile in the seated position offers level transfers from wheelchairs while the rotating safety grab bars and upright seat back enable more confident transfers, with less caregiver interaction. Brewer's exclusive SafeGlide™ leg extension allows caregivers to slide the heavy-duty extension in and out with minimal effort. Seat height ranges from 18"-37" (45.7 cm-94 cm) accommodate various examination needs, while our innovative pass-through drawers and work surface give you the flexibility to make the most of compact exam room footprints. Add in more standard features and industry-best, 3-year warranties and it's easy to see how Brewer offers you superior value.

#### Access® High-Low Exam Table 700

Meet a wider range of patient needs with an industry-best 700 lb. (317 kg) weight capacity. Includes unmatched storage capacity and swing-out patient safety grab bars standard.

## *FLEX™ Access Exam High-Low Tables*

### Step up to power exam table performance for less.

The FLEX™ Access Exam High-Low Table combines the productivity advantages of a power table with an industry-leading 700 lb. (317 kg) weight capacity in one affordable package. As a result, FLEX enables you to attract a broader patient population, perform a wider range of examinations and see more patients per day than would be possible with a fixed-height exam table. Its compact footprint and unmatched ergonomic patient access make it ideal for the confines of small exam rooms. Seat height ranges from 18"-37" (45.7 cm-94 cm) accommodate your various examination needs. Plus, optional accessories – like safety grab bars, a pass-through clinical work surface and stirrups, pelvic tilt and a drawer heater – allow you to easily adapt FLEX to your clinical needs.

#### **FLEX™ Access Exam Table – Pneumatic Back**

Pneumatic lever allows you to manually raise and lower seat back to transition from consultation to examination.

## Power Procedure Tables

### Boost your profitability through Brewer flexibility.

Now, you can accommodate a broad range of clinical procedures with a single, versatile Brewer power procedure table. That means added patient peace of mind – knowing a procedure can be performed in familiar surroundings.

All Brewer power procedure tables are infinitely adjustable to quickly transition from one type of procedure to the next for maximum throughput. A seat height of 19" (48.3 cm) helps enable safe patient transfers. The ability to extend the table from 69"-80" (75.3 cm-203.2 cm) allows you to handle a diverse range of patients. And multi-density, bolstered support upholstery and infinitely adjustable, three-point pivot headrest help optimize patient comfort.

Plus, all our power procedure tables feature a standard 3-year warranty.

#### AssistPRO Programmable Power Procedure Table®

Four preferred positions can be pre-programmed for quick, precise push-button transitions. Features a simple two-step programming process. Intuitive hand pendant and foot control included.

## Fixed-Height Exam & Treatment Tables

### Traditional designs infused with Brewer's value-added touches.

Our fixed height exam tables feature the most generous storage space in their class to keep your clinic organized and running efficiently. Exclusive pass-through drawers offer easy access from either side. Our treatment table includes all steel frame construction for added dependability. All exam and treatment tables are outfitted with easy-to-clean seamless upholstery.

#### Access® Exam Table

Offers the largest step surface in the industry for added safety. Multi-density support upholstery enhances patient comfort. The patented pass-through drawer system design – standard – provides more than 6 ft<sup>3</sup> of storage capacity as well as convenient access from either side to easily adapt to exam room environment. Plus, the simple pneumatic backrest enables easy patient positioning on this 500-lb. (226-kg) capacity unit. All backed by a standard 5-yr. warranty.

#### Models

- 5000 - Access Exam Table w/electrical outlet
- 5000-SP-CN - Access Exam Table w/o electrical outlet

## *Mobile Patient Lift*

### **Easily enhance throughput & safety.**

*LiftMate® is a patient-handling breakthrough specifically designed to improve safety in environments with fixed-height exam and treatment surfaces.*

*Safely & efficiently handle more challenging patients. Reduce the risk of patient injury due to falls thanks to LiftMate's unique combination of floor-level access, a sturdy lift platform and handrails on both sides. Because it enables caregivers to lift with the touch of a button rather than with their backs, LiftMate also lowers the risk of injury to staff. Its mobile, maneuverable design means a single LiftMate can cost-effectively support multiple rooms. Plus, LiftMate is backed by a standard 3 year warranty to help ensure low total cost of operation.*

## Exam Lighting

### Brilliant additions to any clinical care setting.

*Brewer offers a broad range of solutions to meet your exam room lighting needs. All feature flexible, "no-drift," gooseneck arms for precise positioning.*

#### LED ECO-Series

Combines premium performance with a low cost of ownership.

This eco-friendly LED light consumes significantly less energy than halogens and its 50,000-hour bulb life is twice that of other LED exam lights available. Efficient power consumption also means it remains cooler to the touch.

Yet it provides an industry-best, bright white light (more than 20,000 lux / 880 lumens with a 5" diameter beam at 18") to drive clinical efficiency. Color temperature is 4000° Kelvin.

#### Models 19100

200165 - Optional five-caster base

2102755 - Replacement bulb  
(50,000-hour bulb life)

*Optional five-caster base #200165 is available on the LED ECO-Series, the Halogen 35 Series and the Incandescent Series for quick, easy positioning.*

## Medical Seating

### Ergonomically designed to meet your practice's needs.

*Seating tends to be one of the most under appreciated aspects of a clinic. Yet it can dramatically impact the productivity and health of your entire staff. That's why our ergonomic experts work closely with clinicians to develop specific comfort solutions for their specialized requirements. The Millennium Series offers the thoughtful design and premium features that help make every day on the job seem less like work. Plus, a standard five-year warranty means added peace of mind.*

#### Millennium Series

Premium specialty seating features seamless upholstery, an 18.5" (46.7 cm) wide, contoured seat cushion and adjustable contoured backrest unless otherwise noted. For stability, all incorporate a 23" (58.4 cm) five-leg, powder-coated black aluminum base and 2" (5.1 cm) dual-wheel nylon casters with polyurethane tread unless otherwise noted. Weight capacity: 250 lbs. (113 kg).

#### Task Models

Fully adjustable forward seat tilt and synchronized seat and backrest tilt support neutral posture to reduce fatigue and back pain. Pneumatic height adjustment: 18"-24.75" (46.7 cm-62.9 cm).

## Medical Seating

### Ergonomic solutions for a wide range of needs.

Round out your clinic seating needs with rugged, reliable designs from Brewer. It's a choice your staff and your patients will appreciate.

#### Tradition Series

This economical exam stool is made to stand the test of time. The Tradition Series features spinlift height adjustment from 19.5"-27.5", a sturdy four-leg chrome base, 14" wide, 3.5" thick poly-foam seat cushion and 2" rubber wheel, ball bearing casters.

##### Model 23051

Model 23051 in Arctic

#### Side Chair Series

Perfect for exam room, front office or waiting room environments, these durable chairs feature steel tube frames and kick-out rear leg design to help prevent wall dings and dents. Their contoured backrests and 2" thick poly-foam seat cushions offer plenty of comfort. Plus, they meet BIFMA (Business and Institutional Furniture manufacturer's Association) Standards.

##### Models

1200 - w/ sturdy plastic arm rests

1250 - w/o arm rests

Model 1200 in Ivy

Model 1250 Deep Sapphire upholstery

#### Blood Drawing Chair Series

Seat alignment positions patients securely on the chair, while innovative angled armrests and easy-to-use knob height adjustments provide optimal arm position for each patient's blood draw. Features include two standard add-on work surfaces (to accommodate prep materials, paperwork and vials). Chair also meets BIFMA Standards.

An optional drawer (Model #101059) can be attached on either side of chair to keep prep materials nearby yet out of sight.

## Upholstery Color Options

### Standard upholstery color selections

For Brewer Tables, Side Chairs, Blood Drawing Chairs and Exam Stools

### California Technical Bulletin 133 Upholstery Color Selections (CAL-133)

For Brewer Tables, Century Series Stools and Value Plus Series Pneumatic Stools

CAL TB 133 is a written legal standard outlining flammability test procedures for upholstered furniture. These vinyl color selections contain a flame blocking barrier that helps to prevent ignition, reflects heat and is flame retardant.

### Standard upholstery color selections

For Brewer Tables, Side Chairs, Blood Drawing Chairs and Exam Stools

All Premium Plush Upholstery Colors are Ultrafabrics ULTRALEATHER™.

*Note: Tables featuring a plush upholstery top are two-toned, stitched, with Stucco and one of the premium plush upholstery colors. Exam stools and side chairs are one solid color, stitched. (-UL)*

Colors may vary slightly depending on printing setting.
